[The Hong Kong Chartered Governance Institute] Student Ambassadors Programme (SAP) 2024/2025

The **HKCGI Student Ambassadors Programme (SAP)** provides a platform for undergraduates from local universities to better understand the dual qualification and career prospects of **Chartered Secretary and Chartered Governance Professional**. It helps student ambassadors develop their potential as future leaders in governance. Student Ambassadors will have the opportunity to meet industry professionals via internships, mentorship, visits and networking events. They can also join events and participate in organising activities with fellow Student Ambassadors.

SAP 2024/2025 is now open for registration.

Undergraduates from all local universities in any discipline who are willing to explore their career in governance are welcome.

Target: Local Undergraduates in any discipline

The registration fee is HKD120.

For registration and more details, please visit the Institute's webpage [HERE](#).
