

## **74 HKBU students awarded scholarships under Self-financing Post-Secondary Scholarship Scheme**

A total of 74 students from HKBU Associate Degree programme and self-funded undergraduate programmes received \$1.91 million in scholarships and awards under the Self-financing Post-Secondary Scholarship Scheme (SPSS) of Education Bureau.

An Award Presentation Ceremony was held on 11 May at the Conference Hall, Central Government Offices. Out of the 74 HKBU students, 53 students received the Outstanding Performance Scholarship and 21 students received the Best Progress Award.

Lam Chun Man (Year 2 student of AD Sport & Recreation Studies) was selected as one for the six students to talk about his study path and learning experience in his journey to tertiary education. Chun Man shared with the audience about his winding road in study, hoping to encourage students to find their interest in study and not to give up. Chun Man also expressed that he would like to be a Sport teacher after finishing his Bachelor of Social Sciences in Sport and Recreation Leadership at HKBU.

Four Associate Degree students from Music Studies Concentration were invited to celebrate this special occasion by giving a music performance at the Ceremony.

The SPSS provides two types of scholarships and awards: Outstanding Performance Scholarships are for students with outstanding achievements, while the Best Progress Award is to encourage and recognise students who have made significant academic progress and improvement.

For bachelor's degree students, the Outstanding Performance Scholarships for local and non-local students are \$40,000 and \$80,000 each respectively. For sub-degree students, the scholarship is \$30,000 each for local and non-local students. The assessment criteria include academic performance, community service, leadership and communication skills.

The Best Progress Award is set at \$10,000 for bachelor's degree or sub-degree students.
